

16.11.16 LaVie

my

Colin LaVie gives notice that he will ask the Minister responsible for Transportation, Infrastructure and Energy the following question:

A weight restriction was recently put in place on the North Lake Bridge. What was the weight restriction put in place? How long will the weight restriction be in place? Does this weight restriction include fire trucks and snow plows? Is there a replacement plan for the North Lake Bridge or will it be repaired so the weight restriction can be lifted?
