Thanks wes...my point is that if simplex "is allowed" to operate...there should not be an issue with another company choosing to operate.

Sent wirelessly from my BlackBerry device on the Bell network.

Sure thing Chris,

Remember you copied the same letter to Cheryl and Al Roach when you sent it to me..... Al approached me the next day to say they couldn't discuss this option with 15.7 until the timeline expired with the other company, who I expect to be Simplex. I have set up two meetings with Melissa to get the details explained to me as to how they shut out other companies while negotiating with another in the same space.....both have been cancelled. Al has promised to get me the answers tomorrow.

I'll be driving from S'side to Ch'town between 1 and 2 pm tomorrow, let's discuss then.

Wes.

Wes, the only one that I know Melissa is speaking to is Philip Walsh and the Symplex folks. 15.(1) letter to you was seeking a provincial opinion on whether the business activity of fulfilling gaming payments would be permitted on PEI...we were not asking for anything else.

As a result I don't understand what Melissa and Cheryl's discussions with another company have to do with 15.(1) proposition. If the "other company" is going to be permitted to operate in this space...then would I be correct in assuming that 15.(1) is free to do so? Am I missing something?

Could we speak tomorrow on the phone?

thanks

Chris
