Goal: 1,000

Calling for better winter road maintenance on the remainder of Highway 19A.

TO THE LEGISLATIVE ASSEMBLY OF PRINCE EDWARD ISLAND:

Whereas it is critical that roads on PEI be safe to travel for all Islanders;

And whereas many Islanders who live in the South Shore area travel on Highway 19A to get to work and school;

And whereas the initial portion of Highway 19A from West River to Long Creek is cleared with a Government vehicle "combination truck" that has the capability to both plow snow and spread sand/salt until the portion of Highway 19A turns into Highway 9 at the Long Creek intersection;

And whereas the Government plow is not completing the 3 km stretch of Highway 19A between Long Creek and Canoe Cove;

And whereas winter conditions on the above mentioned 3 km stretch of Highway 19A is treacherous in ways that other adjacent sections of road are not;

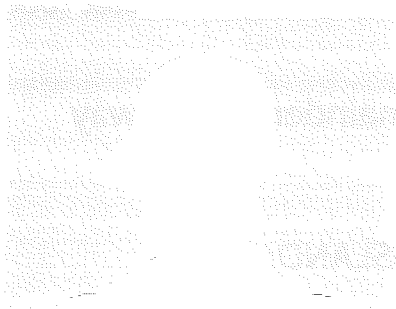

And whereas numerous residents of this area have lodged repeated complaints with the Department of Highways over many years;

SIGN PETITION

Energy to continue to clear the remainder of Highway 19A using Government vehicles; in particular, a combination truck as opposed to contracting out this section of Highway 19A.

This stretch of road has been terrible for years and the plowing and sanding is not up to the same standard of the rest of the roads in the area. Is this plow operator lazy or incompetent? I actually took some pictures at the route 19A/9 intersection a month or so ago and the comparison is day and night. Route 9 North and Route 19A East are well plowed, sanded and salted (bare asphalt visible). Heading west from this intersection (towards Canoe Cove) the road looks barely plowed and a very small amount of "road". This is totally unacceptable.

It is not a large or unreasonable request, such a small distance to ensure safety. Now the road is so treacherous when we get bad weather. The Government should be embarrassed to say that the road maintenance is done to minimal requirements and that is all they are responsible to ensure is being done.

It makes me feel that my life and the lives of others that travel on this section of road are not worth very much to this government.

This has always been a treacherous stretch of road and it is imperative that the very best possible maintenance be given to this road for the safety of everyone !!!!!

As a resident of that area, I am requesting the safety of our community be considered. Please take action before there is a fatality.

So many cars go off the road on this stretch, I'm surprised that there hasn't been a bad accident. Just a matter of time if nothing is done.

Calling for better winter road maintenance on the remainder of Highway 19A.

TO THE LEGISLATIVE ASSEMBLY OF PRINCE EDWARD ISLAND:

Whereas it is critical that roads on PEI be safe to travel for all Islanders;

And whereas many Islanders who live in the South Shore area travel on Highway 19A to get to work and school;

And whereas the initial portion of Highway 19A from West River to Long Creek is cleared with a Government vehicle "combination truck" that has the capability to both plow snow and spread sand/salt until the portion of Highway 19A turns into Highway 9 at the Long Creek intersection;

And whereas the Government plow is not completing the 3 km stretch of Highway 19A between Long Creek and Canoe Cove;

And whereas winter conditions on the above mentioned 3 km stretch of Highway 19A is treacherous in ways that other adjacent sections of road are not;

And whereas numerous residents of this area have lodged repeated complaints with the Department of Highways over many years;

We hereby petition the Legislative Assembly of Prince Edward Island to strongly encourage the Department of Transportation, Infrastructure and Energy to continue to clear the remainder of Highway 19A using Government vehicles; in particular, a combination truck as opposed to contracting out this section of Highway 19A.
