

April 25, 2018

Dear Premier MacLauchlan,

Rosett.  
2.5.18  
EM

WE have been watching some videos about our oceans. They are filled with plastic. Animals are eating it and MOM birds are feeding it to their babies. We think Allen Roach is a Super hero. His name is Earth Hero. He can hypnotize people to clean up plastic. Then he snaps his fingers and the plastic disappears. We wish he had these super powers. We support his ban on plastic bags in stores.
