Minister's Message

The Honourable H. Frank Lewis
Lieutenant Governor of Prince Edward Island

May It Please Your Honour:

I have the honour to submit herein the annual report for the activities of the Department of Tourism and Culture and Tourism PEI for the period of April 1 2014, to March 31, 2015.

The Department of Tourism and Culture and Tourism PEI are responsible for the promotion of Prince Edward Island as a premiere tourism destination. The Department also manages our provincial parks system, the four provincially owned golf courses, the Confederation Trail and Brookvale Provincial Ski Park. These venues help promote healthy lifestyles and active living for Islanders and visitors alike.

In 2014 we celebrated the 150th Anniversary of the Charlottetown Conference of 1864. Over 150 events and activities took place all over the Island to mark the occasion. These celebrations gave Islanders a renewed sense of pride and greater understanding of the important role the province played in the history of Canada. In addition to the many cultural benefits, the 2014 celebrations has expanded the province's capacity for festivals and events from one end of the Island to the other.

The Department also remains committed to preserving the Island's unique history and culture through its support of cultural industries in the province, the Provincial Public Library Service, the PEI Museum and Heritage Foundation and the Public Archives.

Respectfully submitted,

A handwritten signature in black ink, which appears to read "Robert Henderson". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Robert Henderson
Minister of Tourism and Culture

Deputy Minister's Message

The Honourable Robert Henderson
Minister of Tourism and Culture
PO Box 2000
Charlottetown, PE C1A 7N8

Honourable Minister:

It is my pleasure to present the annual report for the Department of Tourism and Culture and Tourism PEI for the period of April 1, 2014, to March 31, 2015.

Prince Edward Island and all of Canada celebrated an important chapter in our history in 2014, as we marked the 150th anniversary of the 1864 Charlottetown Conference - where the idea of Canada, as a nation, was proposed.

The Island hosted a spectacular year-long tribute to the beginning of this great country and welcomed visitors to join the festivities. Part of downtown Charlottetown was turned into a "celebration zone" where visitors could follow the steps of the Fathers of Confederation, and there were daily concerts, food tastings, children's activities, and historical presentations all across the province. Each province and territory in Canada was given the opportunity to showcase their local food, culture and history, making this a truly Canadian celebration.

The Department and Tourism PEI continue to work very hard at promoting PEI as a world class vacation destination and at preserving and sharing our unique culture and heritage and will look to build upon the momentum as result of the 2014 celebrations.

Yours Truly,

David MacKenzie
Deputy Minister of Tourism and Culture

SEII is also the lead liaison on intergovernmental affairs including an advocacy role to represent the interests of the tourism industry in key policy areas such as improved air access, tourism related legislation, labour and immigration issues, and land use matters.

The Marketing Communications Division aggressively markets and promotes Prince Edward Island as a premier vacation destination and ensures quality services for the tourism industry of Prince Edward Island. The division is responsible for customer service, retention and loyalty. Customer service centres include the provincially run visitor information and call centres. The division is also the lead for the implementation of the integrated tourism solution (ITS) technology and the central reservation system.

Tourism Industry Snapshot

There were 1,332,189 visitors on Prince Edward Island in 2014, a 2.7 per cent increase over 2013. Estimated tourism expenditures by residents and non-residents were \$401,100,000, an increase of 5.1 per cent compared to the previous year.

Overnight stays increased by 5.9 per cent, to 842,089. Campground stays were up 8.4 per cent, while fixed roof room nights were up 4.7 per cent.

During 2014, airport traffic increased by 7.3 per cent, ferry traffic decreased by 3.3 per cent, and bridge traffic increased by 2.3 per cent. Cruise ship passenger and crew visits decreased by 8.5 per cent.

50,990 visitor guides were mailed out, of which 7,503 were French guides.

In 2014, meetings, conventions, and incentive travel (MCIT) made a significant impact on tourism in PEI. In 2014 there were 195 meetings, bringing in 20,752 resident and non-resident delegates. From the 2014 Exit Survey, total direct spending by non-resident delegates and their travel party was estimated at \$20.2 million dollars.

PEI 2014 Inc

PEI 2014 Inc's objective was "to create an unforgettable 150th anniversary celebration" that served as a source of pride for Islanders and all Canadians in Prince Edward Island's role as the Birthplace of Confederation, to yield increased tourism visitation, and to act as a catalyst for the 2017 Sesquicentennial of Canada's Confederation. PEI 2014 Inc, a separate not for profit entity was supported by the Department of Tourism and Culture (\$ 15,725,000), Tourism PEI (\$ 205,000), Canadian Heritage(\$ 8,311,582), and the Atlantic Canada Opportunities Agency (\$ 656,250).

These celebrations gave Islanders a renewed sense of pride and a greater understanding of the important role the province played in the history of Canada and were a tourism and economic success, inspiring record years for visitation, visitor expenditures, and overnight stays.

The year of celebration included five major events developed and presented specifically for 2014, along with one time funding support to existing events to make enhancements in their programming for the 2014 celebratory year, and a grant fund to provide opportunities across the Province and throughout the year, for residents and visitors to share in the celebration of PEI culture and PEI's role in Canadian Confederation. Community organizations across the province were awarded grants for events and activities meant to highlight the history of the province, its people, and the important role the Island has played in the history of Canada. PEI 2014 Programming strengthened tourism, arts, culture, heritage and Canadian pride and identity through various PEI 2014 Production Events, East Coast Music Week and PEI 2014 Fund Events/Projects.

As a result of these celebrations, 2014 was the first-ever year the province surpassed \$400 million in direct revenue from Tourism. There was an increase of 2.7% or 35,000 visitors to PEI in 2014. Tourism activity made a significant contribution to the Island's Gross Domestic Product in 2014, representing almost 6.4% of Prince Edward Island's GDP. Significant increases were seen in bridge traffic, national park visits, non-member golf rounds played, and overnight stays. The momentum of 2014 continued into 2015 with the help of rebounding consumer confidence and a favourable exchange rate which may have been contributing factors that resulted in an increase in overnight stays by Canadian, American and Overseas travelers.

The celebrations had a strong cultural component and shone a spotlight on Island artists. It was a banner year for rural fairs and festivals – most posted bigger crowds and often set records for attendance (Tyne Valley Oyster Festival, Kings Playhouse, DiverseCity Festival in Summerside and Montague, O'Leary Potato Blossom Festival, Dundas Plowing Match, Crapaud Exhibition). At its peak in the summer of 2014, PEI 2014 had 15 full time and part time staff supporting marketing, operations, programming and administration.

Operations were maintained at the Brecken Building (1 Harbourside Drive) with 6 staff until March 31, 2015. The office will officially close on May 31, 2015 and there will be 2 full time staff remaining as well as a part time finance support person. All surplus including supplies, furniture and equipment will be transferred to provincial government departments and agencies. The two remaining staff will be working on the PEI 2014 wrap up including report writing and evaluation as well as the Samuel Holland 250 Commemorations coordination.

In 2014-15 the province supported the Cavendish Beach Music Festival held July 4-6, 2014 featuring Hunter Hayes, Brett Kissel, Lady Antebellum and Gord Bamford.

The other major investments were made in the main stage productions at the Confederation Centre of the Arts, the Island wide Fall Flavours Culinary Festival in September and the Arts and Heritage Trail.

Industry Standards

The quality of Prince Edward Island’s products and services is essential to the long-term health of the tourism industry.

The *Tourism Industry Act* sets out the operating standards for Prince Edward Island tourism accommodation establishments. On an annual basis every accommodation establishment must pass inspection. They must also have their water tested quarterly, submit monthly occupancy reports, and pay their annual license fee, in order to ensure that the property is in full compliance with the licensing standards set out in the Act.

Tourism PEI contracts Quality Tourism Services (QTS) to inspect and provide water testing support to all accommodation properties. QTS has as strong working relationship with

Tourism PEI, and they employ professionally trained inspectors who are knowledgeable in the requirements of the Act.

Tourism PEI's compliance section supports licensed industry operators by enforcing the Act and works to bring unlicensed operators into compliance. Tourism PEI works closely with industry partners like TIAPEI and QTS to maintain the quality and standards that are critical to success. It is this team approach that ensures visitors enjoy the best possible vacation, based on quality services and memorable experiences.

Tourism PEI continues to strive toward increasing accessibility for the French-speaking public to attract and service French-speaking visitors. Tourism PEI provides reception services in both official languages and several staff are fluent in French or are taking French language training. Once again, in 2014 the Genuine Island Experiences packaging brochure was available in French. This joins the PEI Visitor's Guide and a number of other publications which are translated into French as stand-alone pieces.

Visitor Information and Destination Centres provide services to the traveling public and have bilingual staff available. The Centres continue to improve the level of service with each passing year. In all other venues of Tourism PEI's service to the public, every effort is made to ensure that there is service provided in French by front-line staff.

Under the terms of the Canada-PEI Agreement on French Language Services, the Association touristique Evangeline au service des Acadiens et Francophones de l'Île-du-Prince-Édouard received funding for its leadership activities on behalf of Francophone and Acadian tourism operators across the province. This Association brings together Acadian and Francophone operators from across the province to better promote the Acadian and Francophone tourism product and the association works to present a united voice to government.

Fall Flavours

In 2014, the Fall Flavours Culinary Festival took place from Sept. 5 to Sept. 8, 2014, and featured over 75 different culinary experiences, including signature events, culinary events, tasting events, and dining events. Signature events featured Chefs from the FOOD NETWORK and highlighted food experiences across the Island. Fall Flavours provides unique local culinary experiences during Prince Edward Island's peak harvest season, which interests our target markets. Restaurants across the Island participated in the Dining program, creating special menus featuring Island product.

Meetings and Conventions and Employee Convention Hosting Opportunities (ECHO)

In 2014, the Meetings and Convention Sector attracted 195 meetings/conventions that drew 20,752 delegates. Total direct spending by non-resident delegates and their travel party was estimated at \$20.2 million dollars.

ECHO is a joint program with Tourism PEI, and Meetings and Conventions PEI (MCPEI). The mandate of ECHO is to encourage provincial employees to invite meetings to Prince Edward Island. ECHO also assists with the organization of these meetings by utilizing the many resources for support such as those available through MCPEI and Tourism PEI.

Marketing Communications

The overall mandate of the Marketing Communications Division is to promote Prince Edward Island as a premiere vacation destination in our target markets.

The division is responsible for travel industry sales, media relations, advertising, publications, distribution, PR activations and promotions.

Tourism PEI is a partner in the Atlantic Canada Tourism Partnership (ACTP) which merges two levels of government and the region's private industry. The partnership allows the province to reach strategic markets in the US (New England and mid-Atlantic), and United Kingdom.

Tourism PEI also actively pursues partnership opportunities with the Canadian Tourism Commission (CTC) and others, in joint-venture initiatives.

The Marketing Communications Division also works closely with the Tourism Advisory Council (TAC). Marketing strategies and programs will continue to be reviewed by TAC. The Department of Tourism and Culture is represented on TAC by the Deputy Minister. The Director of Marketing Communications and the Director of Strategy, Evaluation and Industry Investment also attend TAC meetings. TAC provides sound advice to the Minister, and the Department on research, product development and marketing strategies.

With the celebration of the 150th anniversary of the Charlottetown Conference, Tourism PEI worked closely with PEI 2014 Inc. on an integrated marketing campaign. Tourism PEI handled the vast majority of the promotion off-Island, while PEI 2014 Inc. led the on-Island campaign as well as regional event-specific advertising.

Advertising and Publicity

The 2014 marketing creative execution was a promotion of Prince Edward Island as a premier vacation destination, with the added note that there was no better year to visit. Ad headlines included: 'Come for the Beaches – Stay for the Party'; 'Come for the Food – Stay for the Party'; 'Come for the Vistas – Stay for the Party'; 'Come for the Golf – Stay for the Party'. The ad copy spoke to the 150th anniversary celebrations.

Our marketing tactics for 2014 included print, digital and television media buy. It also included media relations and public relations activities. The following are a few highlights:

A welcome video was produced and promoted. It received over 1.2million views and was shared extensively on social media channels. A series of 10 second vignettes were aired on various Shaw media channels including the History Channel, Food Network, HGTV, Showcase and others. In addition, 30 second French vignettes were aired on Bell Media and Quebec's #1 morning show, 'Salut Bonjour' included live hits from Prince Edward Island.

The marketing term Out-of-Home (OOH) refers to advertising that reaches the consumer when they are outside their home. The campaign in 2014 included some unique and innovative OOH executions. Union Station in Toronto along with the Skywalk from Union Station to the Rogers Centre was covered in Prince Edward Island imagery and videos. Various billboards in our target markets were installed and transit buses were wrapped with PEI imagery in Toronto, Montreal, Halifax and Moncton.

A major promotion in partnership with Air Canada included a 150 flight giveaway in celebration of the 150th anniversary. The contest was promoted at various events including photo booths set up at various festivals in Ontario and Quebec.

In addition to the increased exposure through our domestic campaign, Tourism PEI saw a substantial increase in Japanese visitation as a result of a partnership with NHK, Japan's public broadcasting system. NHK aired a 6-month TV drama series focused on the life of Hanako Muraoka, the first to translate *Anne of Green Gables* into Japanese. As a result, tour operators in Japan experience a high demand for trips to the Island. One company, Club Tourism, even chartered a 300-passenger plane for a special trip to Prince Edward Island.

The Marketing Communications division continues to promote the key demand generators identified in the TAC strategy: coastal, culinary, golf and culture. Advertising markets include Ontario, Quebec, New Brunswick, Nova Scotia as the primary markets. Secondary markets include New England, New York, UK and Japan.

In 2014, we had additional product, additional marketing dollars and increased media attention, resulting in increased visitation.

Trade and Sales

The Trade and Sales section is responsible for generating sales of Prince Edward Island's vacation products through trade, consumer, and media channels.

The section focuses primarily on North America, Japan, United Kingdom, and Germany.

Trade and Sales staff works with numerous trade partners such as tour operators, airlines, motor-coach companies, cruise lines, auto clubs, travel agents and media contacts to promote Prince Edward Island.

The Trade and Sales staff provide an ongoing connection between local tourism operators on the Island and members of the travel trade that have clients visiting Prince Edward Island or are developing new initiatives to encourage and increase new visitors to Prince Edward Island.

The majority of Trade and Sales activity is carried out in cooperation with local industry partners at marketplaces, consumer shows, and sales functions.

During the 2014-2015 fiscal year, the Trade and Sales section participated in the following marketplaces:

- American Bus Association (ABA)
- Rendezvous Canada (RVC)
- World Travel Mart (WTM)
- ITB-Berlin
- The Canada/New England Cruise Symposium

In addition, Trade and Sales Staff participated in consumer travel shows in Montreal, Toronto, Ottawa, Quebec City, Boston, Foxboro, New York City, and Halifax.

Sales functions included media events and travel agent training in cooperation with the Atlantic Canada Tourism Partnership (ACTP) in key target markets.

The cruise market has become a major contributor of visitors to Prince Edward Island. In 2014-2015, 64 cruise ships arrived, carrying 84,952 passengers. The trade and sales staff work closely with the Atlantic Canada Cruise Association to attract cruise ships to Prince Edward Island primarily through joint marketing partnerships with major cruise lines.

Holland America continues to bring the most ships and passengers to the Charlottetown port. Other cruise lines such as Norwegian Cruise Lines, Princess Cruises, MSC Cruises, and Celebrity Cruises are also regular visitors to Prince Edward Island.

Digital Marketing

This section of the Marketing Communications division is responsible for the online marketing programs and tools that drive web, mobile and social media usage, email response rates, sales conversion and enhanced consumer experience while driving increased engagement. The Digital marketing section also ensures a seamless process in executing effective customer relations management as part of the overall Tourism PEI marketing strategy. It is the lead for the operation of Integrated Tourism System (ITS) technology, including the central reservation system and Book PEI.

Visitor Information Centres (VIC)

The province operated five Visitor Information Centres at the following locations: Borden-Carleton, Wood Islands, Souris, West Prince, and the Charlottetown Airport. Borden-Carleton provided services to the travelling public throughout the entire year.

The Charlottetown, Cavendish, St. Peters and Summerside VICs are operated as Destination Centres in partnership with the respective regional tourism associations.

Corporate Services

The Corporate Services Division of Tourism PEI is responsible for general administration, financial services, human resources, records management, insurance matters, FOIPP, Provincial Parks and Provincial Golf Operations.

Provincial Parks and Confederation Trail

In the summer of 2014, P.E.I. Provincial Park campgrounds experienced a slight decline in visitations compared to the previous camping season. Campground visitations totaled 30,886 sites sold, representing a 1.5% decrease from 2013.

Red Point Provincial Park continues to be the most popular camping destination within the Provincial Park system. In 2014, Red Point visitations totaled 5,597 sites sold. Cabot Beach Provincial Park showed the largest increase of all campgrounds with a 5.54% growth in sites sold for a total of 4,931.

During the 2014 – 2015 fiscal years, Provincial Parks was able to invest more than \$ 300,000 into capital improvements across the Province. The highlights of these improvements were 2 way (power/water) site upgrades at Cabot and Red Point, washroom upgrades at Cedar Dunes, playground equipment for Kings Castle and upgrades to the snow making system at Brookvale.

In addition, Provincial Parks, in partnership with Air Tech Communications Inc. developed a pilot project to provide wireless internet to Cedar Dunes Provincial Park and Brudenell River Provincial Park. Wi-Fi was available at both sites on a “user-pay” basis and the service will be re-evaluated after the conclusion of the 3 year pilot project.

During the spring of 2014, Provincial Parks coordinated a “Request for Proposals” for the operation of Lord Selkirk Provincial Park Campground. Following the conclusion of the process, the Province signed a 5 year lease agreement with the Belfast Area Development Corporation (BADC) to operate the Lord Selkirk Campground. By assuming control of the campground, BADC was able to consolidate their tourism product in the area which also includes the Belfast Highland Greens Golf Course and a local pool. BADC initiated a number of upgrades to the campground which included, most notably, the installation of 3 way (power/water & sewer) sites.

Provincial Parks continues to coordinate and deliver a variety of summer programs to our guests including children’s activities, nature and outdoor interpretive activities, sport activities and family activities. These programs are well received by visitors and greatly enhance their camping experience. Once again in 2014 – 2015, Provincial Parks provided lifeguard services on 8 provincial park beaches across the province, the Mill River Fun Park and the pool at Brudenell River Provincial Park.

Brookvale Provincial Ski Park had a very good season in 2014 - 2015. The Alpine site opened on January 9 and the Nordic site opened in the middle of December as some early snowfall allowed the staff to get some of the trails opened for x-country skiing and biathlon. The Alpine site was open for a total of 53 days and the Nordic site was open for 60 days. Popularity of the Brown’s Volkswagen Snow School continued in 2015 with a total of 340 students enrolled, up approximately 40 students from the previous year. At the Nordic Centre, Biathlon P.E.I. hosted the Eastern Canadian Biathlon Championships in mid February featuring some of the finest biathlon athletes from Quebec and Atlantic Canada. The Nordic Center was also very busy in the summer as many running and cycling events were held at the site such as the Ultra Marathon and the Red Mud Cycling events which were both held in August.

PEI Provincial Parks also featured winter programming at Mill River Provincial Park which includes nordic skiing, ice skating, tobogganing, tubing, bonfires and horse and sleigh rides.

In 2015, Mill River was pleased to once again be the primary location for “UpWest WinterFest”. In its third year, the Festival featured the collaboration of West Prince communities to host a major regional winter tourism event. Also worth noting is the maple syrup production where the maple trees are tapped and the syrup collected. School groups from the West and a couple from the East used this event for school trips which educated children about the process of producing maple syrup. Children were also treated to ice cream with syrup and homemade toffee. This event ran for 4 weeks in March.

2014-15, was a milestone year for the Confederation Trail. Following the major financial contribution by Trans Canada Trail (TCT) and the W. Garfield Weston Foundation the previous year, the Province was able to complete the remaining undeveloped corridor between Stratford and Iona and provide connection between Wood Islands and Charlottetown. This major achievement was celebrated at Joe Ghiz Park on September 12 featuring a well attended public event acknowledging all the important partners who contributed to the connection of Confederation Trail. As Program Managers of Confederation Trail, Provincial Parks would like to acknowledge the ongoing support of the Department of Transportation and Infrastructure Renewal (TIR) whose outstanding maintenance program continues to be one of the key contributions to the success and popularity of Confederation Trail.

Provincial Golf Courses

On P.E.I., golf is considered one of the pillars of the tourism industry and is therefore an important piece of the tourism strategy.

The 2014 season saw 37,433 non member rounds played at the four Provincial courses. There were 76 days of measured rain in our 157 day season.

Standard and packaged rates did not change from the 2013 season.

Membership rates remained the same as the 2013 season. Two new membership categories were added, PreJunior and Diamond. PreJunior allowed children between the ages of 8 and 14 to become members of our courses. They could play after 5 pm with an adult. The Diamond membership gave members playing privilege at all four of our courses. In total, there were 651 members:

- 257 full members
- 88 senior members
- 45 intermediate members
- 81 weekday members
- 80 afternoon members
- 92 junior members
- 8 Diamond members.

91 of these full members opted to include Dundarave as an addition to their membership.

Through February and March "PEI's Finest Golf", in partnership with Golf PEI, travelled to 5 consumer golf shows in Toronto, Ottawa, Montreal, Quebec City and Moncton.

The purpose of our attendance was to promote our products and facilities that we have to offer the travelling golfer.

The Links at Crowbush Cove

and the new greens were in good conditions from opening to closing.

Heritage

With the retirement of the Director of Culture, Heritage and Libraries at the beginning of last fiscal year, and some departmental reorganization, the Heritage Officer now reports to the Executive Director of the PEI Museum and Heritage Foundation, while remaining an employee of the Department of Tourism and Culture.

Provincial Heritage Fair Program

The Provincial Heritage Fair was held at the Confederation Centre of the Arts on 15 May 2014, with 164 Grade 5 - 9 students (142 projects) representing 28 schools and more than 150 volunteers participating. Approximately 2,000 students participated in school-based heritage fairs leading up to the Provincial Fair. Following project judging at the Provincial Fair, afternoon workshops, tours and activities were provided for students on a variety of subjects.

The top twenty-five student projects were recognized during the Closing Ceremonies and were invited to participate in the Maritime Regional Heritage Fair in July 2014. Certificates and awards were presented for outstanding student achievement. His Honour, Lieutenant Governor H. Frank Lewis addressed the students during the Closing Ceremonies, as did the Ministers responsible for Culture and Heritage, and Education and Early Childhood Development, Stu MacFadyen, Deputy Mayor of Charlottetown; the Chief Executive Director of the Confederation Centre of the Arts, Jessie Inman. Special award presentations were also sponsored and presented by the PEI Regiment Museum, Aboriginal Affairs Secretariat, Parks Canada and PEI 2014 Inc.

The 2014 Provincial Fair continued to benefit from support from community organizations that sponsored prizes for outstanding theme-related projects. Twenty-seven local community groups and organizations presented 38 prizes to students. Community support for this cultural and educational event continues to grow. As well, 12 of the student finalists were invited to create short videos of their heritage fair projects for the national Young Citizens video program coordinated through Canada's History Society. Videos were posted online and, following a period of voting, as well as review by a panel of judges, two PEI students were selected to participate in the national Youth Forum in Ottawa in the fall of 2014.

The Provincial Heritage Fair Coordinator, as well as a number of the Planning Committee members, assisted in judging at various school heritage fairs from February through April. The Fair Coordinator participated in teleconferences with provincial and regional fair coordinators and representatives from Canada's History Society, the national Heritage

Fairs organizing body. In addition, a number of planning meetings were held regarding the Maritime Regional Heritage Fair.

A number of local and national sponsors support the Provincial Heritage Fair including: The Department of Education and Early Childhood Development, the Confederation Centre of the Arts, Canada's History Society, PEI 2014 Inc., Purity Dairy, Parks Canada Agency, PEI Museum and Heritage Foundation, Indian River Festival, Canadian Council of Archives and the Public Archives & Records Office. In addition to the local community and national organization support, the Provincial Heritage Fair program is encouraged by the commitment of more than 60 volunteer judges.

In recognition of the 150th anniversary celebrations, an award was presented during the 2014 Provincial Heritage Fair Closing Ceremonies by the Chair of PEI 2014 Inc. to recognize outstanding student achievement in researching and presenting on an aspect of Canadian Confederation or the 1864 Confederation Conference.

As part of PEI 2014 celebrations, a first-ever Maritime Regional Heritage Fair was presented by the PEI Provincial Heritage Fair Committee in association with the PEI Museum and Heritage Foundation. The Maritime Fair was held in Charlottetown on July 12 at the Canada Pavilion, PEI 2014 Celebration Zone. Close to 40 students participated from PEI, Nova Scotia and New Brunswick. The students displayed their heritage fair projects to the public, participated in activities and tours, and were welcomed by a number of dignitaries and special guests.

An additional PEI 2014 project saw a number of student Provincial Heritage Fair projects circulated to 16 branch libraries of the PEI Public Library Service and 3 community museum sites over the summer and fall months. This PEI 2014 exhibition acknowledged the students' work by providing access to a wider audience and assisted in promoting the Provincial Heritage Fair program. The libraries and museums were very pleased to display the student projects and there is interest in continuing and expanding the project in the future.

The Heritage Officer assisted Canada's History Society with the adjudication of the national Kayak Kids Illustrated History Challenge contest. The Heritage Officer also chaperoned the two PEI students selected from the 151 national Young Citizens video contest participants to attend a Youth Forum in Ottawa October 30 - November 2. This event was coordinated by Canada's History Society and included a national Heritage Fair Coordinators meeting.

Public Archives and Records Office (PARO)

The Public Archives and Records Office (PARO) operates under the authority of the Archives and Records Act. It is comprised of the Public Archives unit and the Recorded Information Management (RIM) unit.

The Public Archives unit fulfills the first part of the legislated mandate to acquire, preserve, and make available for public research the records of the government of this province and private-sector papers and records deemed to be of lasting historical value. In doing so, the Public Archives operates as the custodian of historically relevant records of the Government of Prince Edward Island. It also collects and preserves records of individuals, companies, organizations, institutions and associations as they relate to the history of the Prince Edward Island. These records include not only textual materials such as correspondence files, journals, and newspapers, but also materials in other formats and media such as photographs, maps, architectural drawings, film, and sound recordings.

The Public Archives provides services to both Government and members of the general public. Acting as the corporate memory of the Government of P.E.I., staff respond to departmental inquiries for a wide range of textual material and images documenting past activities. Public users at PARO include teachers, students, historians, lawyers, surveyors, and genealogists. The Public Archives offices and Researcher Reading Room are located in the Hon. George Coles Building, Charlottetown.

The Recorded Information Management unit is responsible for delivering a corporate program that provides central recorded information management services and support to all departments, agencies, corporations, and commissions within the Government of Prince Edward Island. A key responsibility of the RIM unit is overseeing the day-to-day operation of the Provincial Records Centre which provides free, secure, off-site records storage and retrieval services to all government departments and agencies.

Students visited PARO on a weekly basis throughout the semester during which time they assessed a variety of archival documents for their meaning, significance and usefulness. These documents were then used to develop case studies of murders (or manslaughters) which occurred on the Island in order to assist students in understanding the way in which crime has been documented on PEI, and how Islanders and their governments (including law, police, coroners, judges, and juries) have responded to murder. The offering of this course signifies the first time that a UPEI history course has integrated weekly archives visits into the syllabus.

Independent Auditor's Report

To the Minister of Economic Development and Tourism

We have audited the accompanying financial statements of **Tourism PEI**, which comprise the statement of financial position as at March 31, 2015, and the statement of operations, changes in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of **Tourism PEI** as at March 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.
