To the Members of the Legislative Assembly of
Prince Edward Island, Charlottetown

I am pleased to present the 2023 Annual Report of the
Legislative Assembly of Prince Edward Island and the P.E.I.
Branch of the Commonwealth Parliamentary Association for
the period January 1, 2023 to December 31, 2023.

The spring 2023 sitting of the First Session of the 67th General Assembly began on May 12, 2023 with the Speech from the Throne delivered by the Honourable Antoinette Perry, Lieutenant Governor of Prince Edward Island and concluded on June 21, 2023. The fall sitting of the First Session of the 67th General Assembly began on November 7, 2023 and concluded November 29, 2023.

As the conservation project for Province House is still ongoing, we encourage the public of Prince Edward Island to visit our interim Assembly Chamber in the Honourable George Coles Building, Monday to Friday or take part when the Legislature is in session.

I wish to acknowledge and thank all staff for their contribution and commitment for their work in supporting the Members and operations of the Legislative Assembly on Prince Edward Island.

Respectfully,

Honourable Darlene Compton, MLA
MLA Speaker of the Legislative Assembly

Who We Are

The legislative branch of our provincial government has the power and responsibility to debate, amend and make laws. The Legislative Assembly of Prince Edward Island, also referred to as "the House", is made up of one elected member or MLA from each of the 27 electoral districts across the province.

One of the primary responsibilities of the Legislative Assembly is to create provincial laws. Proposed laws are put forward by members as bills. Bills that pass all stages and receive Royal Assent from the Lieutenant Governor become laws.

The Legislative Assembly also holds the government accountable for its actions and for departmental expenditures. This is a key function of the Legislative Assembly, ensuring the public - through its elected members - has a say in how public monies are spent.

Mandate

The Office of the Legislative Assembly's mandate is to support elected officials in their legislative duties. It is guided by the Legislative Assembly Act L-7.1, which sets out the composition, duration, abilities, responsibilities and rules of the parliament for the Province. This act further specifies roles and administrative processes that facilitate the business and operation of 'the House'.

The Legislative Assembly also administers the Provincial Emblems and Honours Act RSPEI 1987 Cap P-26.1 when facilitating the Order of Prince Edward Island merit award, the highest honour the province can bestow on its citizens.

Mission

- To provide professional, non-partisan and efficient services to facilitate and support the operation of the parliament of the province, and;
- to capture, maintain and provide access to the records of parliamentary business to the legislative members and the public in order to uphold our democratic process.
- To make the operation of parliament in our province accessible to all.

Our Values and Ethics

Democratic

Helping parliamentarians, under law, to serve the public interest.

Professional

Serving with competence, excellence, efficiency, objectivity and impartiality.

Ethical

Acting at all times to uphold the public trust.

Respectful

Demonstrating respect, fairness and courtesy in our relations with the public, colleagues and fellow public servants.

Our Offices

Standing Committee on Legislative Assembly Management

The Standing Committee on Legislative Assembly Management deals with the administration of the House and the provision of all services and facilities to Members. Chaired by the Speaker, an additional 6 MLAs complete its membership.

Office of the Speaker

The Speaker is the presiding officer of the Legislative Assembly, and is responsible for maintaining order and regulating debate in accordance with the rules and practices of the House. The Speaker plays a role ensuring all viewpoints have the opportunity of a hearing in debate and must cast the deciding vote in the event of a tie. The Speaker also chairs the Standing Committee on Legislative Assembly Management.

Office of the Clerk

Members are supported in their parliamentary functions by services administered by the Clerk, the chief executive officer of the Legislative Assembly. The Clerk has both procedural and managerial responsibilities and oversees the delivery of nonpartisan services to the Members of the Legislative Assembly. The Clerk advises the Speaker and Members on parliamentary procedure, traditions, and precedents and presides over the election of the Speaker. The Clerk also manages enquiries from the independent offices and the public.

The Office of the Legislative Assembly supports Members working for the best interests of Islanders. As the most important government institution in our province, the Legislative Assembly promotes transparency and accountability in government.

On April 3, 2023, a general election was held resulting in 9 newly elected members. We delivered an orientation to help new members with their legislative duties and learn procedures. This was followed by their first session starting on May 12, 2023, with the election of the Honourable Darlene Compton as Speaker of the Legislative Assembly.

Madam Speaker, I appreciate the support of you and the Members of the Standing Committee on Legislative Assembly Management in dealing with matters necessary for the efficient operation of the Legislative Assembly.

Sincerely,

Joseph Jeffrey
Clerk of the Legislative Assembly and
Secretary, PEI Branch of the Commonwealth Parliamentary Association

History of the Legislative Assembly

Prince Edward Island's government was not always led by one House of elected representatives; for roughly the first 120 years of Island governance, there were two legislative bodies, the Legislative Council and the House of Assembly. A two-body Legislature is known as a bicameral Legislature.

- 1770** The Mi'kmaq island of Epekwitk was renamed St John's Island by the British in 1758 after gaining control from French settlers who had named it Île St. Jean following their arrival in 1720.
- The island's journey to self-governance begins with the arrival of Governor Patterson on the 19th of September.
- 1773** The first House of Assembly is elected. Only Protestant males could vote or hold office at this time and 18 Assemblymen gathered, passing 13 laws in 5 days.
- 1812** John Plaw completes a building in Queen's Square to house the legislature and courthouse. Before this time, the legislature had met in private homes and taverns.
- 1833** The term of members of the legislature is set to four years. Prior to this time, the term was determined solely according to the will of the Governor. Today, the term of an Assembly is a maximum of five years after the return of the writs for a general election. MLAs do not have a maximum term.
- 1839** The Legislative Council is separated into the Legislative Council and the Executive Council, and some members of the House of Assembly also serve on Executive Council.
- 1847** The legislature meets in the newly constructed Colonial Building for the first time. It later came to be known as Province House and remains the permanent seat of the legislature to this day.
- 1851** Responsible Government, (self-governance), is granted, largely due to the existence of an elected House of Assembly. George Coles, a strong supporter of the system, becomes the first Premier.
- 1862** A new Act requires that the Legislative Council no longer be appointed but elected.
- 1864** In September, Prince Edward Island hosts The Charlottetown Conference, which leads to Confederation and the birth of Canada as a nation.
- 1873** Prince Edward Island joins Confederation.
- 1893** The Legislative Council and House of Assembly are merged to form the Legislative Assembly, with 30 members. Each of the 15 electoral districts

elected an Assemblyman and a Councilor, a system that was unique in Canadian politics until its abolition in 1996.

- 1913** An Act is passed to require secret balloting for provincial elections.
- 1923** Under a new Election Act, women vote for the first time in a PEI election.
- 1966** The riding of 6th Queens is created, increasing the Legislative Assembly from 30 to 32 members.
- 1970** Jean Canfield becomes the first women elected to the island legislature.
- 1979** Marion Reid becomes the Legislative Assembly's first female Deputy Speaker.
- 1983** Marion Reid becomes the first female Speaker of the Legislative Assembly.
- 1990** Pat Mella becomes the first female leader of a provincial political party in PEI. Marion Reid becomes the Legislatives Assembly's first Lieutenant Governor.
- 1993** Catherine Callbeck becomes the first female Premier of PEI and n all of Canada. Pat Mella held the Opposition seat in the House, Nancy Guptill was elected Speaker of the House, Libbe Hubley Deputy Speaker and with Marion Reid as Lieutenant Governor, the five most powerful executive and parliamentary roles in government were filled by women simultaneously for the first time in Canada's history, and are subsequently known as PEI's Famous Five.
- 1996** The 1996 general election was the first time an Assembly was elected under the Election Act and Electoral Boundaries Commission of 1994 which established single member representation for each of the 27 districts of the redrawn electoral map, a system still in use today.
- 2015** Province House closes for extensive structural repairs and restoration. The Speech from the Throne for the First Session of the Sixty-fifth General Assembly is delivered on June 3rd in the neighbouring Honourable George Coles Building, marking the first time since 1847 that the full legislature has sat anywhere but Province House.
- 2021** New Virtual Proceedings rule effective January 1, 2021 in response to COVID 19, (first case detected March 14, 2020).
- 2022** 2nd Session of the 66th General Assembly opens with an in-person and virtual hybrid proceeding.
- 2023** The 250th anniversary of democracy on Prince Edward Island was reached in 2023 as the first House of Assembly met on July 7, 1773.

Events

Staff Changes

Denise A Doiron joined the Office of the Clerk as the HR Assistant in September and the retirement of Barb O'Donnell during the summer lead to the hiring of Ann-Marie Sheen as Executive Assistant to the Clerk of the Legislative Assembly.

December saw the retirement of JoAnne Holden, Director of Communications & External Relations and Secretary for the Order of Prince Edward Island Advisory Council.

Canada Winter Games 2023

Between February 18 - March 5, the Island hosted the 29th Canada Winter Games. 5,000 volunteers helped welcome 3,600 participants of over 150 events, guided their supporters and thousands of spectators.

The school calendar was altered to accommodate the Games and allow students to attend events. The sitting calendar of the House was also adjusted to start 2 weeks later on March 7, but was subsequently postponed due the incumbent Progressive Conservative party calling for an early election on March 6, resulting in the House sitting on May 12.

Province House Update

With the ability to only work on 800mm sections at a time, the painstaking process of excavating and under pinning the basement of Province House was concluded, signaling the end of Phase 2 of the 4-phase renovation plan. The lowering of the basement floor enables the

accommodation of accessible washroom facilities, mechanical and electrical rooms, a storage facility and a staff lunchroom.

As a constitutional monarchy, and as required by the Constitution Acts 1867-1982, Section 128, all MLAs must swear or solemnly affirm an oath of allegiance before taking their seat on the floor of the House.

Midnight Sitzings

The Government House Leader introduced a motion pursuant to Rule 4 (4) of the Legislative Assembly. This motion passed by majority vote, extending the hours the House sits until 11:59pm on June 14, 15 and 16. This resulted in extended debate on the budget for the province estimates.

Although concerns were raised by both the Opposition and Third parties regarding the reduced time they had to study and raise questions on the budget, it was passed on the third and final day of the extended sitting hours.

250th Anniversary of the 1st Elected Assembly Meeting

2023 marked the 250th anniversary of PEI's, House of Assembly's first sitting on July 7, 1773.

Still known as St. John's Island at the time, 13 pieces of legislation were passed before it closed on July 12. These included retroactive approval of rules established since Governor Patterson's arrival in 1770, measures

L'Accadie map from 1757

regarding small debts, permissions to burn items ranging from rubbish to derelict windmills and licensing for the retail of "Spirituuous Liquors".

On the Road

The Standing Committee on Health and Social Development held 4 on-the-road public sessions to gather feedback on government action on homelessness on the island.

Committee members were joined at these meetings by Legislative Assembly broadcast

team who provided sound and live-streamed these events for the first time. These community meetings were well attended, the feedback from which appear in the Committee's Activities report, dated November 29, 2023.

New Table Officers

In November, Alysha MacEachern and Samantha Lilley, already known at the Legislative Assembly as Committee Clerks, began training to become Table Clerks, providing procedural advice to the Speaker and the MLAs alongside the Clerk or Deputy Clerk.

CWP Canada Twinning Program

The PEI Legislative Assembly hosted a Commonwealth Women Parliamentarians Twinning Program on November 14, 2023 with all 7 women Prince Edward Island parliamentarians and 9 young women who had registered for the event.

Designed to generate political interest among young women and provide an experience of parliamentary life by accompanying women parliamentarians in their parliamentary activities, the day included a guided tour of the Chamber, visits to government administrative buildings, job shadowing with twinned Parliamentarians and a presentation by the PEI Coalition for Women in Government encompassing the history of women in government in Canada, (and worldwide), along with insights, projections and information on assistance available to those wanting to pursue a career in the field.

Students from across the province acted as MLAs and debated topics chosen by the participants in the Legislative Assembly Chamber, under the direction of an acting

Speaker of the Legislature Assembly throughout these weekends.

The Rotary Clubs of PEI have organized this annual two-day event for Island high school students for over 30 years, providing the opportunity to present and debate acts and resolutions on the floor of the Legislature. In preparation for the mock assembly, participants meet with fellow students from all over the Island to prepare their platform and organize their debate

2023 Broadcast Services

Broadcast Services began televising the Question Period of the Daily Debates in 1997 and extended this provision to include the entire daily sitting shortly afterwards.

The recording and live televising of events is conducted from a sound-proofed suite by 2 full time and 1 part time staff, and includes managing multiple cameras and angles, microphone levels, on screen titles and presenter graphics. Live streaming of the proceedings on the Legislative Assembly website, Facebook and YouTube is also handled by the team.

Daily Debates	49	54	37

Broadcast Services also maintain the archives for these recordings. The video archive of daily debates begins in April, 2003, the Standing Committee audio starts in September 2016, with video available in September 2017 and the Legislative Assembly's YouTube channel holds both Standing Committee and daily debate videos from January 2020.

Live streaming from outside of Legislative Assembly buildings was established as a new service of the team with 4 on-the-road Standing Committee meetings in 2023.

2023 Hansard

Transcriptions of the daily debates of the Legislative Assembly began in February 1996 following the establishment of the Hansard service, which provides interested parties and the general public details on what was said by whom on the issues discussed. Hansard also took over producing the daily journals for these debates in 2000 and extended their transcription service to include previously uncovered committee meetings in 2006.

While the Legislature is in session, Hansard employs 6 to 7 staff members, with tasks ranging from mic operation and annotations within the legislative chamber to transcribing, editing, proofreading and publishing the transcripts of the daily debates. Question Period transcripts are published as soon as possible and typically have a turnaround time of 1.5 to 2.5 hours. Daily debates are published within 2 sitting days

Every hour of daily debate and Committee meeting time requires approximately 8 to 10 hours to transcribe, edit, proofread and publish.

3 members of staff, 1 of which is the Legislative Assembly Librarian, provide research to be used in statements, motions, the drafting of bills as well as information on issues raised by an MLA's constituent.

Research can take anything from a few hours to several weeks, depending on the scope and complexity of the request.
