2003 REPORT**

HAND DELIVERED

June 23, 2004

Speaker of the Legislative Assembly
P.O. Box 2000
Charlottetown, P.E.I.

Dear Mr. Speaker:

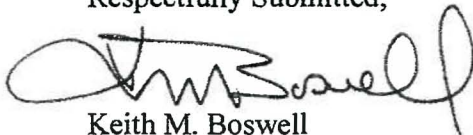

An Act to Amend the Legislative Assembly Act (1994) established an Indemnities and Allowances Commission. The Commission is required to report annually to the Speaker on or before the first day of December. The Commission delivered its interim report for December 2003 to you on November 26, 2003; that report, for various reasons, recommended and determined, pending further review and determination, that the remuneration and benefits as stated in its December 2002 report be maintained for the time being

According to the Legislation, the Commission is to "review and determine" the remuneration and benefits to be paid to the Members of the Legislative Assembly, Ministers, the Speaker, Deputy Speaker, the Leader of the Opposition, Government House Leader, Opposition House Leader, Government Whip, Opposition Whip and the Leader of the Third Party.

The Commission has now completed its review of the remuneration and benefits as defined in Section 46 of the Legislative Assembly Act.

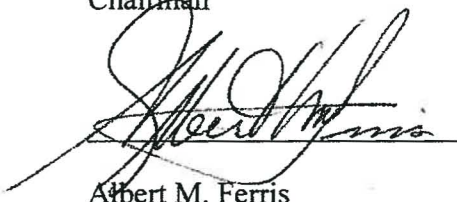

As Chairman, I am pleased to transmit to you with this letter the final 2003 Report which includes the Commission's decisions and the rationale for these decisions.

Respectfully Submitted,

Keith M. Boswell

INTRODUCTION

A 1994 amendment to the Legislative Assembly Act established the Indemnities and Allowances Commission (the "Commission"). This Commission, as mandated by Section 46(1), is to "review and determine the remuneration and benefits to be paid to the Members of the Legislative Assembly ["Members"], Ministers, the Speaker, Deputy Speaker, the Leader of the Opposition, Government House Leader, Opposition House Leader, Leader of a Third Party, Government Whip and Opposition Whip".

Remuneration and benefits are defined by the legislation to include "salaries, indemnities, allowances and pension benefits."

As required by Section 46(6), the Commission meets "annually and at such other times as the Speaker may request, ... [to] carry out a review of remuneration and allowances ... and ... on or before the first day of December of each year deliver[s] a report to the Speaker which shall be final and binding."

The Commission's last annual report to the Speaker contained a 3.25% increase in Members' indemnities and allowances for 2002. In 2001, Members received a 3.25% increase in their indemnities and allowances. The increase in 2000 was 2.50%.

In preparation for the current report to the Speaker, the Commission placed advertisements in local newspapers last December and January inviting the general public to present its views on the remuneration and benefits of the members. The Commission received more than two dozen responses from the general public stating various and divergent views on the Members' remuneration and benefits. These responses ranged from suggesting the abolition of the Commission itself, reducing Members' salaries by reason of current provincial finances, and increasing the Members' remuneration and benefits in order to attract the best and the brightest to serve the public. The Commission appreciates such public input and has considered such views in its deliberations.

DEFINITIONS

In the sections that follow, "indemnities" refers to payments made to all Members of the Legislative Assembly to carry out their basic responsibilities as MLAs. These payments are taxable.

"Salaries" refers to payments that are made to Members of Executive Council, the Speaker, Deputy Speaker, Leader of the Opposition, Leader of a Third Party, and those other Members who hold special positions in the Legislative Assembly, or sit on Executive Council Committees. These payments are in addition to payments received by Members in the form of indemnities and are also taxable.

"Allowance" refers to additional monies paid to Members, such as an annual MLA expense allowance and a mileage allowance. These payments are non-taxable.

MEMBERS INDEMNITIES AND ALLOWANCES

Attached as Appendix 1 is a summary of the indemnities and allowances paid to current Members of the Legislative Assembly.

Table 1 indicates the current indemnities and (non-taxable) allowances for members in each of the Provinces and Territories as at October, 2003.

Yukon	35,664	17,832
Nunavut	61,800	1,000

Since the preparation of our last report remuneration in the other jurisdictions has increased only marginally, and in British Columbia the Government caucus members have taken a voluntary reduction of \$5,000. For example, the percentage increases in Nova Scotia and New Brunswick during the past year were approximately 2% and 2.5% respectively.

Table 2 indicates the current salaries for Cabinet Ministers and the Premier in each of the Provinces and Territories as at October, 2003.

The Leader of the Opposition's salary is the same as a Cabinet Minister's in all Provinces except Ontario where it is approximately 30% higher. Neither the Northwest Territories nor Nunavut has a Leader of the Opposition due to their consensus style of assemblies.

Table 3 indicates the current salaries for Speakers and Deputy Speakers in each of the Provinces and Territories as at October, 2003.

Pension Plan

The Commission tabled with its 2001 report the combined plan text for the new pension plan introduced in 1994 and the supplemental plan introduced in 1996. This new plan is indexed at a rate of CPI to a maximum of 8% during the period when the member is on an active or deferred basis. When receiving benefits the indexation is CPI less 2%.

In its 2001 Report, the Commission noted that the previous pension plan, which was closed in 1994, was then indexed at a rate of CPI less 2%, both during the active/deferred basis and benefit period. To ease the administrative burden and to make the accruing benefit rate comparable for both plans, the Commission recommended in its 2001 Report that the previous pension plan, which was closed in 1994, be amended retroactively to July 1, 1994, to match the current plan; that is, CPI to a maximum of 8% while deferred, and CPI less 2% while receiving benefits.

During the past year, the Commission has been considering other aspects of the pension plans in order to harmonize the eligibility and other provisions of the plans. In particular, the Commission has received actuarial and other cost estimates of various changes to the plans, and, based on this information, the Commission recommends that effective as at April 1, 2004, the amount of earnings upon which a Member's pension shall be calculated and based is the total earnings of the Member other than any car or mileage allowance (i.e., the basic indemnity, the annual MLA expense allowance and any salary paid to the Member by reason of an office such as that of a cabinet minister or whip held by the Member). The Commission notes that any pension calculations or entitlements for earnings prior to April 1, 2004 shall not include the annual MLA expense allowance.

Third Party Leader

The Commission's decisions apply only to elected members of the Legislative Assembly. Accordingly, any reference to a Third Party Leader applies only upon his or her election to the Legislative Assembly.

Speaker, Deputy Speaker and Government House Leader

The Commission, as in previous years, has fixed the salary for the Speaker at a level which is 75% of a Cabinet Minister's salary. The Deputy Speaker's salary remains at a level of 50% of the Speaker's salary. Several Provinces fix the Speaker's salary at a level equal to that of a Cabinet Minister and the Commission will be investigating this matter further during the coming year.

The annual salary for the Government House Leader has been adjusted this year to reflect that the position does not allow for remuneration for Executive Council Committee appointment.

Current Year Increase

The Commission is recommending a combined increase of approximately 1.00% for indemnities and allowances, effective at and retroactive to April 1, 2004. This increase is in line with anticipated settlements with certain public service employee groups in the Province. A table summarizing the current amounts to be paid to members is attached as Appendix 2.

Other Matters and Benefits

The Commission has compiled extensive information concerning the amounts to which members of assemblies in other jurisdictions in Canada are entitled for such items as staffing, communications, travel allowances, group, life, health and dental benefits, office facilities, constituency allowances, etc. There is, to say the least, considerable variation across the country as to the type and range of such amounts and benefits.

The Commission will be considering these additional matters in further detail in the years to come. However, as an initial recommendation for the current year, the Commission states that all Members shall be provided the same group benefits for basic life, accident, health and dental as are provided or available to those excluded employees employed by the Government.
